RUG APPRAISALS FOR REPLACEMENT VALUE
For recently created hand hooked rugs

The client receives a certified appraisal with a description of the piece and a numeric value for replacement.

MLB/JML Contemporary Hooked Rug Appraisers maintain a work file with digital photographs and slides that justify the replacement cost. This record and a copy of the appraisal are retained for a minimum of 5 years. We follow USPAP guidelines.

Appraisals are done by viewing the actual piece. Appraisals will not be done from photographs or slides.
